## **1.2. TERMS OF PAYMENT**

### **1.2.1. PAYMENT METHODS**

---

#### **1.2.1.1. AVIATION FEES**

##### A/ GENERAL PROVISIONS

If the user fails to make a cash payment, an invoice will be issued at the end of each week with an additional invoicing charge equal to € 8.00 exclusive of VAT. That invoicing charge shall not discharge the user from the payment of the collection and litigation charges provided below.

However, the following users may be exempted from that obligation and from invoicing charges; in that case, invoices shall be issued periodically per week in arrears. Such users include:

- Users based in the airport facilities or with premises in the facilities
- Regular users who have expressly requested such exemption and have the approval of the Strasbourg Airport, which approval may be withdrawn at any time,
- Users whose fees are paid by accredited agents,
- Users who have only used the touch-and-go facility during the period in question.

##### B/ PAYMENT

- Of an invoice issued by the airport authorities.

#### **1.2.1.2. OTHER FEES**

- See details for each service.
- Invoice issued by the airport authorities.

#### **1.2.1.3. PAYMENT OF INVOICES**

- By direct debit from a bank account;
- By bank cheque, to be addressed imperatively to:

|   |
|---|
| <p>S.A. AEROPORT DE STRASBOURG-ENTZHEIM<br/>Direction Administrative et Financière – Service Comptabilité<br/>RD 221, route de l'aéroport<br/>67960 ENTZHEIM<br/>Made out to: <b>Aéroport de Strasbourg</b></p> |
|---|

→ By bank transfer to:

S.A. AEROPORT DE STRASBOURG-ENTZHEIM  
BANQUE POPULAIRE D'ALSACE  
Immeuble le Concorde – 4 quai Kleber  
BP 10401  
67001 STRASBOURG CEDEX

Account particulars:

| BANK CODE | BRANCH CODE | ACCOUNT NUMBER | BBAN CODE |
|-----------|-------------|----------------|-----------|
| 14707     | 50180       | 70219631875    | 14        |

| SWIFT CODE | IBAN CODE                         |
|------------|-----------------------------------|
| CCBPRPPMTZ | FR76 1470 7501 8070 2196 3187 514 |

**IMPORTANT**

Enclose with your cheque or transfer the references: user number, date and invoice number

→ All bank charges for payments made through banking institutions shall be borne by the user; all transfer orders shall provide that costs are to be paid by the issuer.

### **1.2.2. TERMS OF PAYMENT**

---

All invoices are payable on the due date stated on the invoice, with no discount.

### **1.2.3. PENALTIES FOR LATE PAYMENT**

---

→ Interest on late payments

All invoices issued by the Strasbourg Airport that are not paid on the due date shall give rise to a reminder invoice.

In application of article L.441-7 of the Commercial Code, such reminder shall lead to the application of penalty for late payment on the totality of the amount due, at a rate of interest corresponding to the European Central Bank (ECB) refinancing rate plus 8 points and a lump sum of € 40 exclusive of VAT for recovery costs (article D.441-5 of the Commercial Code)

→ Litigation costs

After a second reminder, which constitutes a formal notice, the file is sent to the Litigation Department. This transfer may result in the application of litigation preparation and input fees, in addition to recovery fees, the amount of which is fixed at 95 EUR excl. VAT per file. If the fees exceed this fixed amount, they will be subject to additional billing upon justification.

## 1.2.4. LITIGATION

---

Litigation may take the following forms at the option of the Strasbourg Airport:

→ Use of article L6123-2 of the Transportation Code:

After a failed formal notice for the debtor to regularize their situation, a conservatory seizure of an aircraft operated by the debtor or belonging to them may be requested from the judge of the place of execution of the measure by authorities and in the following situations:

1° The minister responsible for transport, in the case of non-payment or insufficient payment of the road toll or terminal services fee for air traffic, as well as in the case of non-repayment of state aid that has been the subject of a recovery decision by the European Commission or a ruling by the Court of Justice of the European Union, without prejudice to the competences conferred in this area on representatives of the State in the department;

2° The airport operator, in the case of non-payment or insufficient payment of airport fees;

3° The Airport Noise Control Authority, in the case of non-payment or insufficient payment of administrative fines imposed by this authority;

4° Those mentioned in Article L. 273-0 A of the book of tax procedures.

The enforceable order of the judge is transmitted to the Authorities responsible for air traffic in the airport to ground the aircraft. The order is notified to the debtor and the owner of the aircraft when the debtor is the operator.

Any expenses related to the seizure procedure are chargeable to the debtor.

The payment of amount due results in the restoration of the aircraft.

→ Procedures under ordinary law.

## 1.2.5. DEPOSIT / BANK GUARANTEE

---

→ Air traffic activity

All airlines using Strasbourg Airport may be subject to the deposit of a bound equal to one month of estimated aeronautical fees.

For seasonal and/or occasional activity, a bank guarantee covering the entire period of activity shall be supplied.

**-2-**

# ***AERONAUTICAL FEES***

Prices as from January 1<sup>st</sup>, 2023

The charges are stated in euros exclusive of taxes.

The mass is indicated in tons.

## 2.1. INTRODUCTION

Users shall be responsible for informing the Invoicing department of the Strasbourg Airport of all changes to their fleets – purchase, sale, rented aircraft, leasing, changes in aircraft characteristics etc. Failing that, the fees shall be charged on the basis of the characteristics known to the airport.

## 2.2. GENERAL PRINCIPLE OF DOMESTIC AND INTERNATIONAL CHARGES

Domestic traffic includes flights to and from locations in the territory and the adjacent territorial waters subject to the sovereignty, protection or jurisdiction of France.

All other flights are considered to be international traffic.

The initial point of departure and final destination of the flight and therefore the fees applicable to the flight are determined by the flight number.

That principle applies to landing fees, lighting fees and parking fees, with the exception of passenger fees.

For passenger fees, the domestic charge applies to flights where the end destination of the flight number is in metropolitan France or Corsica (order of February 28<sup>th</sup> 1981 published in the Official Journal of April 5<sup>th</sup> 1981). The EU charge applies to flights where the end destination of the flight number is located in a member state of the European Union other than France.

## 2.3. VALUE ADDED TAX

### 2.3.1. GENERAL PRINCIPLE

---

VAT on aircraft services (landing, lighting, passengers, fuelling etc.) is charged at the current “normal” VAT rate.

The VAT application regime for these services is summarised in the table below.

| OPERATOR  | APPLICATION |
|---|-------------|
| Approved (*) French transport airlines with less than 80% of traffic accounted for by international flights<br><i>(Article 262 – II – 4° of the General Tax Code)</i> | Applicable  |
| Approved (*) French transport airlines with 80% or more of traffic accounted for by international flights<br><i>(Article 262 – II – 4° of the General Tax Code)</i>   | Exemption   |
| Approved foreign transport airlines   | Exemption   |
| Private aviation, business aviation, aerial work companies  | Applicable  |
| French and foreign military aircraft, French and foreign state aircraft   | Applicable  |

(\*) Companies defined under article L.6412-2 of the Civil Aviation Code.

## 2.3.2. NOTES

---

### 2.3.2.1. FRENCH AIRLINES

In order to benefit from exemption, French airlines are required to supply the Invoicing department of the Strasbourg Airport with an attestation covering the current year and certifying that their international traffic services account for at least 80% of the services operated by them.

In the absence of the attestation, the Strasbourg Airport will apply VAT at the normal rate to its invoices.

In that case, invoices issued shall undergo no correction and any VAT exemption shall only become effective from the date on which the attestation is sent as shown by the post stamp.

### 2.3.2.2. CHARTERED AIRCRAFT AND FLIGHTS ON BEHALF OF OTHER AIRLINES

In all cases, VAT application shall be in accordance with the regime of the airline to which the airport services are charged.

## 2.4. AIRCRAFT WEIGHING SIX TONS OR MORE

### 2.4.1. LANDING FEES

---

#### → Charge basis

The landing fee is calculated based on the maximum takeoff weight stated on the aircraft's airworthiness certificate, rounded up to the nearest ton, as it appears on the aircraft's registration certificate for the current year.

The charges provided below are adjusted based on the noise produced by aircraft with a maximum take-off weight above six tons.

Each aircraft is classified by the Ministry of Transport in one of the five noise categories defined by the order of February 26<sup>th</sup>, 2009. Each category has been allocated an adjustment coefficient.

| CATEGORY | COEFFICIENT APPLICABLE |
|----------|------------------------|
| 1        | 1.30                   |
| 2        | 1.20                   |
| 3        | 1.15                   |
| 4        | 1.00                   |
| 5        | 0.85                   |

Landing fee includes lighting.

| MASS IN TONS |                     | DOMESTIC & INTERNATIONAL<br>EUR EX VAT |
|--------------|---------------------|--|
| 6 - 12       | For 6 tons:         | 52.22                                  |
|              | For each extra ton: | 1.43                                   |
| 13 - 25      | For 13 tons:        | 62.20                                  |
|              | For each extra ton: | 2.61                                   |
| 26 - 75      | For 26 tons:        | 96.18                                  |
|              | For each extra ton: | 4.94                                   |
| 76 & more    | For 76 tons:        | 343.48                                 |
|              | For each extra ton: | 6.36                                   |

→ **Special terms**

|   | CONCESSION                |
|---|---------------------------|
| Rotorcraft ( <i>Article 5 – order of 24/01/56</i> )   | 50%                       |
| Training touch and go ( <i>Article 6 – order of 24/01/56</i> )  | 75%                       |
| Aircraft making a forced <b>return</b> to the airport for technical reasons or due to adverse atmospheric circumstances ( <i>Article 9 – order of 24/01/56</i> )                            | 100%                      |
| Aircraft used for the transport of personalities occupying positions featuring in the list prepared by the Ministry responsible for civil aviation ( <i>Article 9 – order of 24/01/56</i> ) | 100%                      |
| State aircraft on a technical mission ordered by the Ministry responsible for civil aviation ( <i>Article 9 – order of 24/01/56</i> )   | 100%                      |

| Civil Defense   | 75 %                      |
| Air shows and historical aircraft   | As decided by the Airport |
| French Armed Force  | 20 %                      |

## 2.4.2. PARKING FEES

→ **Charge basis**

The parking fee is calculated on an hourly basis based on the maximum take-off weight stated on the aircraft's airworthiness certificate, rounded up to the nearest ton, as it appears on the aircraft's registration certificate. The parking duration is calculated for any aircraft between the time of landing and the time of take-off.

Any hour started is due.

**A one-hour exemption is granted**

| PARKING  | DOMESTIC & INTERNATIONAL<br>EUR EX VAT |
|--|--|
| By ton and by hour (1 hour free of charge)   | 0.18                                   |
| By ton and by hour<br>Beyond a 48h period<br>On specific remote stands (defined below) | 0.09                                   |

→ **Special terms**

|  | <b>CONCESSION</b> |
|--|-------------------|
| Aircraft used for the transport of personalities occupying positions featuring in the list prepared by the Ministry responsible for civil aviation ( <i>Article 10 - order of 22/07/59</i> ) | 100%              |

## 2.5.7. FEES FOR THE USAGE OF FUELLING FACILITIES

---

### → Charge basis

At Strasbourg Airport, aircraft fuel and lubricants are sold at the current petroleum product price. "Variable element" fees are collected from the oil company on the basis of the schedule below:

|                | <b>DOMESTIC &amp; INTERNATIONAL<br/>EUR EX VAT</b> |
|----------------|--|
| Piston engines | 2.96 / m <sup>3</sup>                              |
| Jet engines    | 2.08 / m <sup>3</sup>                              |

## 2.6. INCENTIVE PLAN FOR NEW ROUTES

All these measures are implemented by the airport acting as a wise operator in market economy aiming a strong growth in traffic, according to the 2014/C 99/03 guidelines on State aid to airports and airlines. All of these measures are applicable to a company providing an increasing total seats offer, considering all routes combined.

Is considered as a **new route**, a destination which has not been serviced in the past 12 months by any airline to/from Strasbourg Airport, with a regular non-stop flight (special flights are excluded). There is a minimum requirement of one weekly frequency for a period of at least 4 months to be qualified as a new destination, with its own catchment area.

### 2.6.1. REDUCTION OF AERONAUTICAL FEES

---

Any airline starting a regular flight towards a new “passenger” destination as defined above will be granted a rebate on the landing fees and passenger fees according to following schedule:

|                      |     |
|----------------------|-----|
| 1 <sup>st</sup> year | 75% |
| 2 <sup>nd</sup> year | 50% |
| 3 <sup>rd</sup> year | 25% |

At the end of this 36-month period, the tariff will be in accordance with the one defined in the present price list.

The airline will lose these tariff rebates if:

- it does not respect the announced flight programme for other reason than “force majeure”,
- the airport fees are dishonoured
- the destination is a PSO

The incentive plan shall apply to all companies taking over a destination stopped by an other company, even if the one year grace period is not respected.

### 2.6.2. MARKETING SUPPORT

---

In addition to the rates already in effect for the new opening destinations, marketing support for route set-up, studies, promotion and advertising costs are provided by the airport to all airline companies that propose to launch a new regular passenger flight not yet served from the airport, outside PSO destinations.

The airline company is required to submit an assessed communication plan of all considered actions, which must be approved by the airport.

The engagement provided for these expenses is settled on submission of supporting invoices, on the assessed communication plan, and limited to the following:

- 3 euros per departing passenger in the first year,
- 2.50 euros per departing passenger in the second year,
- 2 euros per departing passenger in the third year.

This marketing support is strengthened on the international destinations:

- 4 euros per departing passenger in the first year,
- 3 euros per departing passenger in the second year,
- 2 euros per departing passenger in the third year.

The seasonal airlines (operated only during one aeronautic season, but over several years) will be considered new as long as they are not operated for over 12 consecutive months.

If during the period of this action a second carrier comes and offers the same destination, it will gain at the first flight of its program, the same measures, but at the current rate of the first carrier, and during the period of time which remains to cover for the first carrier.

**-3-**

# ***AIRPORT ASSISTANCE***

Prices as from January 1st, 2023

The charges are stated in euros exclusive of taxes.

### **3.1. AIRSIDE BUS**

|  | <b>EUR EX VAT</b> |
|--|-------------------|
| Per airside bus rotation*                | 44.00             |
| Safety guide to aircraft (in supplement) | 7.91              |

\*The airside bus rotation must be carried out in a maximum of half an hour. After, a new provision will be charged.

The services extending after 10 p.m. and starting before 6 a.m., and the services provided on Sundays and holidays will be charged with a 50% majoration.

### **3.2. AIRBRIDGE**

|               | <b>EUR EX VAT</b> | <b>SERVICE</b>        |
|---------------|-------------------|-----------------------|
| Per airbridge | 40.00             | Arrival and departure |

- The charge covers an hour and a half of docking with the aircraft.  
After that time, an extra charge is applicable per hour and half and per airbridge.  
The rule does not apply to night stops.  
The hour and a half slots are charged in indivisible wholes.
- The charge is doubled if two airbridges are used simultaneously for the same aircraft.
- No billing is carried out in the absence of a paying passenger.

Otherwise, a training session for airbridges use is available:

|                  |          | <b>EUR EX VAT</b> |
|------------------|----------|-------------------|
| Initial training | Day      | 700.00            |
| Refresh training | Half day | 400.00            |

### **3.3. 400 HERTZ POWER SUPPLY**

400 Hz power supply equipment is available under the A20 airbridge:

|                      | <b>EUR EX VAT</b> |
|----------------------|-------------------|
| 1st hour flat rate   | 30.00             |
| Additional hour      | 10.00             |
| Night-stop flat rate | 50.00             |

### 3.4. GROUND SERVICE EQUIPEMENT

GSE adapted to PRM passengers (AVIRAMP) are at the disposal of ground handling assistants.

|                                | EUR EX VAT |
|--------------------------------|------------|
| Flat rate per GSE and per turn | 4,08       |

### 3.5. USE OF CUTE STATIONS

| DESCRIPTION              | UNIT                 | EUR EX VAT |
|--------------------------|----------------------|------------|
| Fixed corridor equipment | Per station per year | 3,631.87   |

### 3.6. OTHER SERVICES

#### 3.6.1. Cleaning of traffic areas

|   | EUR EX VAT | SERVICE  |
|---|------------|--|
| Oil spill<br>(parking, runway, slip lanes, taxiway) | 113.12     | Upon a request from:<br>- the airline<br>- the ground handling assistant<br>- the Airport Authorities for security reasons |
| De-icing spill<br>(parking)                         | 53.83      |  |

If cleaning becomes necessary after the movement of an aircraft due to a hydrocarbon, oil or any other spill, the responsible for the spill shall pay for such cleaning.

#### 3.6.2. Safety guide

→ Subject to availability.

|                           | EUR HT | PRESTATION  |
|---------------------------|--------|---|
| Safety guide to aircraft* | 14.85  | Upon a request from the airline or the ground handling assistant in case of a boarding walk |

\*The safety guide is for a maximum of half an hour. After, a new provision will be charged.

The services extending after 10 p.m. and starting before 6 a.m., and the services provided on Sundays and holidays will be charged with a 50% majoration.

**-4-**

# ***RENTAL CHARGES***

Prices as from January 1<sup>st</sup>, 2023

The charges are stated in euros exclusive of taxes.

## 4.1. GENERAL PRINCIPLES

The premises are provided as is with usual connections (electricity, telephone, possibly collective or individual heating) and are subject to an occupation agreement between the Strasbourg Airport and the occupier.

The rates below are in euros excl. VAT per square meter per year and EXCLUDE CHARGES.

**Any occupation agreement for a duration of less than or equal to 12 months will incur a 15% surcharge.**

Fees are updated every year, usually on January 1st, according to the index specified in the occupation agreement. A security deposit is required.

Any month started is fully due (unless specifically mentioned in the agreements).

The fitting out of private premises (offices, restrooms and storage areas) is the responsibility of the tenants. Areas with a height of less than 1m80 are charged at 50%.

## 4.2. LAND

| DESCRIPTION   | UNIT         | EUR EX VAT |
|---|--------------|------------|
| Natural   | sq. m./year  | 3.11       |
| Stabilised  | sq. m./ year | 3.37       |
| Natural, serviced<br>(without connection, close to networks)    | sq. m./ year | 4.86       |

# ***SERVICE AND FACILITIES CHARGES***

Prices as from January 1<sup>st</sup>, 2023

The charges are stated in euros exclusive of taxes.

## 5.1. FACILITIES

### 5.1.1. CHECK-IN COUNTERS

---

| DESCRIPTION           | UNIT                 | EUR EX VAT |
|-----------------------|----------------------|------------|
| Self service terminal | Per machine per year | 2,792.73   |
| Mobile check-in       | Per station per year | 2,792.73   |

### 5.1.2. USE OF THE INTERNAL INFORMATION NETWORK PER MONITOR

---

| DESCRIPTION                | UNIT                 | EUR EX VAT |
|----------------------------|----------------------|------------|
| Private television network | Per monitor per year | 2,460.65   |

### 5.1.3. COLLECTIVE WASTE MANAGEMENT (STEED)

---

The Strasbourg Airport offers partners an environmentally friendly and cost-effective waste sorting system called STEED. On the waste disposal site, a weighing system offers reliable information about the type of waste generated, the quantities produced and by whom and where the waste is produced. The sorting equipment is provided to member companies and the waste is collected by the agents of the Strasbourg Airport. Sorting quality is verified and recycling systems are optimised. With the STEED system, the complete service (supply of bins, collection, transport and treatment of waste) can be charge by weight or on a unit basis.

| DESCRIPTION  | UNIT   | EUR EX VAT |
|--|--------|------------|
| Recyclable waste (paper, cardboard, plastic)                           | Per kg | 0.32       |
| Mixed ordinary industrial waste  | Per kg | 0.53       |
| Plastic films  | Per kg | 0.34       |
| Scrap metal  | Per kg | 0.28       |
| Green waste  | Per kg | 0.37       |
| Wood   | Per kg | 0.32       |
| Sorting error: billing at the price of mixed ordinary industrial waste |        |            |

The Strasbourg Airport also offers a collective management system for Dangerous Industrial Waste. Partners are provided with specific containers to allow waste sorting. They are collected on a door-to-door basis or from collection points (batteries).

A waste tracking form is systematically made out (as required by regulations), and invoicing is on the same basis as domestic-type industrial waste, that is to say according to the tonnage produced or per unit depending on the type of waste. To get a detailed list of the rates for Dangerous Industrial Waste, please contact the Environment Department.

## 5.2. TELEPHONE

### 5.2.1. TELEPHONE

| TELEPHONE LINE                                   |                        |            |
